Our Independence and Quality Control

We have complied with the independence and other ethical requirements of the *Code of Professional Conduct for Registered Auditors* issued by the Independent Regulatory Board for Auditors (IRBA Code), which is founded on fundamental principles of integrity, objectivity, professional competence and due care, confidentiality and professional behaviour. The IRBA Code is consistent with the International Ethics Standards Board for Accountants *Code of Ethics for Professional Accountants* (Parts A and B).

(Name of firm) / (The firm) applies the International Standard on Quality Control 1 and accordingly maintains a comprehensive system of quality control including documented policies and procedures regarding compliance with ethical requirements, professional standards and applicable legal and regulatory requirements.

Auditor's Responsibility

Our responsibility is to express a reasonable assurance opinion on the compliance of attorneys' trust accounts with the Act and the Rules based on our assurance procedures performed, and to report as required on the accompanying Attorney's Annual Statement on Trust Accounts.

We conducted our reasonable assurance engagement in accordance with the International Standard on Assurance Engagements 3000 (Revised), *Assurance Engagements Other than Audits or Reviews of Historical Financial Information* (ISAE 3000 (Revised)) issued by the International Auditing and Assurance Standards Board. That standard requires that we plan and perform the engagement to obtain reasonable assurance about the compliance of attorneys' trust accounts, in all material respects, with the Act and the Rules.

A reasonable assurance engagement in accordance with ISAE 3000 (Revised) involves performing procedures to obtain evidence about the compliance of attorneys' trust accounts with the Act and the Rules. The nature, timing and extent of procedures selected depend on the auditor's judgement, including the assessment of the risks of non-compliance with the Act and the Rules, whether due to fraud and error. In making those risk assessments we considered internal control relevant to the engagement in order to design procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of internal control. Our reasonable assurance engagement included the following procedures:

- Considering, and applying when considered applicable in the engagement circumstances, the guidance in the *Revised Guide for Registered Auditors: Engagements on Attorneys' Trust Accounts* issued by the Independent Regulatory Board for Auditors;
- Making inquiries of the attorney and the attorney's staff;
- Testing transactions for all significant activities with the objective of evaluating whether:
 - Transactions were appropriately identified as trust transactions;
 - Trust transactions were in accordance with mandates and supported by adequate documentation and narrative to identify from whom funds were received, and for whose credit;
 - Deposits and withdrawals from the trust bank account were to, or for, a trust creditor; and
 - Transfers to the attorney's business account were only in respect of moneys claimed to be due to the attorney; and

- Testing and/or scrutinising bank reconciliations, as considered appropriate in the engagement circumstances, and evaluating whether confirmations from financial institutions were in support of the records made available to us.

We believe that the evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Opinion

In our opinion, the attorneys' trust accounts of *(insert the name of the attorney's firm)* for the period/year ended *<insert date>* were maintained, in all material respects, in compliance with the Act and the Rules.
